

Create a Legendary Creature

The Chinese dragon is a legendary mythological creature, made from parts of animals we know from the real world. Identify what animals make up the dragon and then create your own legendary creature using parts of animals you choose. And for some inspiration, check out <https://www.penn.museum/collections/>.

What animals do you see?

* List more if you can!

Create a legendary creature! Draw parts of different animals below while attaching them together to create a unique creature. Add as many body parts as you like and make sure to label each one. Don't forget to give it a name!

* **Bonus challenge-** Find old magazines and cut out any animals you see. On a separate piece of paper, cut and glue them together to create your legendary creature!

The head of a _____

The body of a _____

The tail of a _____
