ERRATA

Table 1 on p. 36. The following chemical abbreviations should be noted in the caption: Cs₂O = Cesium Oxide; Ta₂O₅ = Tantalum Pentoxide; Fe₂O₃ = Ferric Oxide. Also, HILLCTY should read HILLCTR.

P. 36. On line 13 of the second column of text, "cooking pots, walls, and kilns, made of mudbrick (sunbaked clay)" should read "cooking pots, as well as walls and kilns of mudbrick (sunbaked clay)...."

P. 37. In line 2 of the first column of text, "clmay samples" should read "clay samples." In lines 7–8 of the second column, the text should read: "For example, the high correlation (r > 0.99) of iron...."

Fig. 5 on p. 40: The word "Sections" should be deleted from line 5 of the caption.

P. 41. In line 5 of the Acknowledgments, the word "pottery" should be deleted.

The Editors regret the errors.

One of the authors (McGovern) wishes to make the following correction in the text:

P. 40. On lines 12–14 of the first column, the text should read, "... as the Qasr el-Sagha formation of Upper Eocene date, not far from Lisht (Tobia and Sayre 1974; also see Said 1962)."
